Winterswijk, 5 March 2015

Dear Dr. Fried,

Please find below the IFCC and NGSP (DCCT) assigned values of your HbA1c samples. Values have been assigned in duplicate with three IFCC Secondary Reference Measurement Procedures, IFCC calibrated. NGSP values are derived from the IFCC values using the Master Equation.

Sample ID	Assigned IFCC value mmol/mol	Unc (k=2)	Assigned NGSP value %	Unc (k=2)
MQ 2015-1, HbA1c K3A	37.1	0.8	5.54	0.07
MQ 2015-2, HbA1c K3B	38.2	0.5	5.65	0.05

Samples arrived on 4 March and were analysed the next day.

Yours sincerely,

Dr. Cas Weykamp
Director
