Winterswijk, 5 November 2014

Dear Dr. Fried,

Please find below the IFCC and NGSP (DCCT) assigned values of your HbA1c samples. Values have been assigned in duplicate with three IFCC Secondary Reference Measurement Procedures, IFCC calibrated. NGSP values are derived from the IFCC values using the Master Equation.

Sample ID	**Assigned IFCC value** mmol/mol	**Unc** (k=2)	**Assigned NGSP value** %	**Unc** (k=2)
MQ 2014-4, HbA1c K3A	**65.9**	1.2	**8.18**	0.11
MQ 2014-4, HbA1c K3B	**36.1**	0.6	**5.45**	0.06

Samples arrived on 4 November and were analysed the next day.

Yours sincerely,

Dr. Cas Weykamp
Director

Carla Siebelder BSc.
